## SWASTHYA PAHAL REPORT

### 2023

Date: 15/05/2023

Place: Police Station Maurya Enclave, New Delhi. | Time: 11:00 am to 03:00 pm

Number of total beneficiaries: 34

Number of total female beneficiaries: 7

## **SWASTHYA PAHAL (Health for all)**

Swasthya Pahal (Health for all) is an interactive, innovative, technology-enabled, SMAART (Sustainable, Multi-Sectoral, Accessible, Affordable, Reimbursable and Tailored) initiative. It utilizes a touch screen, computer-enabled, SMAART Portable Health Information Kiosk (PHIK) to enhance self-management of non-communicable diseases among individuals at risk of metabolic syndrome (including diabetes, hypertension, high cholesterol and obesity). SMAART PHIK is implemented through a series of health care camps held across urban, urban slums, and rural/tribal settings in India.

### **Objectives**

- To integrate clinical and non-clinical data sources by combining principles of Information and Communication Technology (ICTs) to enhance population health outcomes across diverse geographic settings.
- To utilize the PHIK as a tool to assess the burden of chronic diseases and associated risk factors in diverse settings such as urban, urban slums, and rural/tribal settings in India.

### **Details**

**Date:** 15<sup>th</sup> May 2023

**Venue:** Police Station Maurya Enclave, New Delhi

**Start time:** 11:00 AM

**End time:** 03:00 PM

**Number of beneficiaries:** 34

**Team Members:** Ashok Kumar, Sakshi, Jyoti Pali, Sushmi Wilson, Chandni Sharma, Sakshi Trikha.

**Table1: Implementation of Swasthya Pahal**

<b>Components of the camp</b>	<b>Details</b>	<b>Material and methods used</b>
Registration	<ul style="list-style-type: none"> <li>Collection of information from the participants such as name, age, phone number and address.</li> </ul>	Receipt booklet
Measurement of height and weight	<ul style="list-style-type: none"> <li>Height and weight were measured using standard procedures and protocols.</li> </ul>	Digital weighing machine, stadiometer
Measurement of blood pressure and sugar	<ul style="list-style-type: none"> <li>Blood pressure and blood sugar were measured using standard procedures and protocols.</li> </ul>	Digital machines for measuring blood pressure and blood sugar, lancet, strips, cotton swabs, spirit
Portable Health Information Kiosk (PHIK)	<ul style="list-style-type: none"> <li>Collection of data from the participants pertaining to their socio-demographic profile, medical history, physical activity and alcohol and smoking consumption pattern.</li> <li>Assessment of risk factors based on the information collected.</li> </ul>	Laptop (touchscreen)
Nutrition counselling	<ul style="list-style-type: none"> <li>Based on the assessment report generated by PHIK, participants were provided individualized diet and nutrition counselling to prevent and manage non-communicable diseases including hypertension, diabetes and overweight and obesity.</li> <li>They were counselled about healthy dietary habits, healthy snacking options, good dietary behaviours, meal patterns and importance of physical activity.</li> </ul>	Personalised nutrition and lifestyle counselling
Photographs	<ul style="list-style-type: none"> <li>Clicking pictures of the event.</li> </ul>	Camera

**Table 2: Health status of beneficiaries screened (n=29)**

Health conditions screened	Number of participants with the condition(n)
Prehypertension/ Hypertension (blood pressure $\geq 120/80$ mmHg)	25
High Random Blood Sugar( $\geq 140$ mg/dL)	7
Overweight/obese (Body Mass Index $\geq 25$ kg/m <sup>2</sup> )	22
Regular physical activity (>4 times/week)	23

### Observations

A total of 34 beneficiaries (27 males and 7 females) attended the Swasthya Pahal camp organised on 15<sup>th</sup> May 2023 at Police Station Maurya Enclave, New Delhi. Out of these thirty-four beneficiaries, three-fourth of them (n=25) had higher blood pressure than normal and less than one-fourth of them (n=7) had high random blood sugar. Less than two-third of them (n=24) were found to be overweight/obese and two-third of them (n=22) were found to be engaged in regular physical activity.

### Additional Comments

- Beneficiaries found the counselling session to be very informative and useful, and many of them got to know about more about their health condition.
- All the beneficiaries found the Swasthya Pahal initiative to be very helpful.'

**Number of beneficiaries enrolled in SHINE:** SMAART Hub for Informatics enabled Nutrition Education (SHINE) Initiative aims to enhance self-management of chronic non-communicable diseases using multilingual digital HEALTH intervention tailored to enhance their knowledge regarding self-management of disease condition(s), diet, physical activity, healthy lifestyle, home-remedies, medication adherence and stress management. Among the thirty-four beneficiaries, all of them (n=29) expressed their interest to receive informative messages for diet and lifestyle management out of which the majority of them (n=29) opted to receive messages on a weekly basis whereas only three opted to receive messages daily.

**Details of RISE exhibition:** RISE stands for Research, Innovation, Skills, and Entrepreneurship. The aim of the RISE initiative is to empower girls and women from urban slums. Women are trained to develop their natural talent to make them employable and self-reliant, to fit in an office environment with a paid stipend. An exhibition of the products: pouches, tiffin bags, masks, and jute bags made by women of the urban slum was organised at Police Station Maurya Enclave, New Delhi.
