

V-INSPIRE **PUBLIC HEALTH**

*virtual- Interactive Novel Support Program for
Innovation, Research & Entrepreneurship*

Foundation of Healthcare Technologies Society
New Blessings Through Technology Empowered Reforms

FOUNDATION OF HEALTHCARE TECHNOLOGIES SOCIETY

The Foundation of Healthcare Technologies Society, established in 2012, is a nationally registered non-profit dedicated to improving health and well-being through community-engaged research, quality education, skill-based learning, and technology-driven innovations for better population health outcomes.

FHTS, a **SMAART** Center founded by Dr. Ashish Joshi, focuses on human-centric, impact-driven solutions to improve global health and well-being.

VISION

Translate public health education into meaningful community impact for overall good health and well-being of all.

MISSION

Generate new knowledge to **promote and sustain good health and well-being** for all through **community-engaged research, excellence in education, and commitment to public service** guided by data and, evidence informed policy and practices.

v-INSPIRE program aims to address the population health challenges of the 21st century by enhancing academic and non-academic skills of students using an innovative and participatory experiential learning experience.

Originally conceptualized as INSPIRE in 2013, this program transitioned into v-INSPIRE during the COVID-19 pandemic, offering students a transformative virtual learning experience.

v-INSPIRE:

Bridging Knowledge and Real-World Solutions

Real-world exposure

Personalized Mentorship

Career-readiness & confidence building

Flexible Virtual & On-site opportunities

Designed to address pressing public health challenges

Integrates academic knowledge with field-based and community participatory learning

Development of technical & soft skills

CORE COMPETENCIES

Building a Strong Foundation in Public Health

LEARNING OUTCOMES

PUBLIC HEALTH FOUNDATIONS

- Understanding Public Health Challenges
- Community-Based Participatory Research

DATA AND ANALYTICAL SKILLS

- Data Collection, Analysis & Visualization
- Scientific & Manuscript Writing

Skills and Expertise you will gain

LEADERSHIP AND MANAGEMENT

- Leadership & Communication
- Project Management & Teamwork

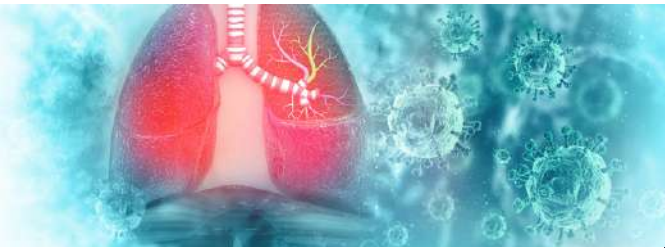

TECHNOLOGY AND INNOVATION

- Designing & Evaluating Health Tech Solutions
- Interdisciplinary & Employable Skills

FOCUS AREAS

Driving Innovation in Key Public Health Domains

**Non-Communicable
Diseases**

Nutrition & Well-being

Pandemic Preparedness

**Consumer Health
Informatics**

Digital Health

**Misinformation &
Infodemics**

**Workforce
Strengthening**

Internship & Research Opportunities

Virtual & Onsite Internships

Dissertation Mentorship

Fellowship Programs

Community-Based Participatory Research

Hands-on Learning & Engagement

- **Community Engagement**
- **Health Data Analysis & Visualization**
- **Scientific Writing**
- **Storytelling with Data**
- **Leadership Exercises**
- **Project Management**

MENTORSHIP

Each student is paired with a dedicated mentor for personalized guidance throughout the program.

Empowering Future Public Health Leaders Through Experiential Learning

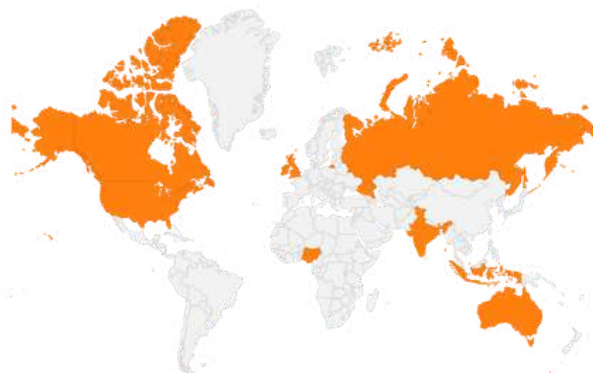

Committed to a student-centered environment, we offer experiential learning programs that equip future public health leaders with essential 21st-century **skills, innovation, and a global perspective.**

v-INSPIRE Journey of Transformation

Experiences from our Interns

Sehla Tabassum
Master's Student

Interning at the Foundation of Healthcare Technologies Society (FHTS) was a really great experience for me. I got to work on real public health topics and learned how things work outside of textbooks. The team was very supportive and always ready to guide and help whenever I had questions. This internship helped me grow my skills, boosted my confidence, and gave me a better understanding of how research and health programs are actually carried out. I'm truly thankful for the chance to be part of FHTS and would definitely recommend it to other students looking to learn and grow in the public health field.

Education: *Completed Masters in Public Health, Jamia Hamdard University*

Internship Period: *February to April 2025*

My experience with the v-INSPIRE program at FHTS has been incredibly enriching. The program offered a unique blend of practical learning and real-world application, allowing me to explore the intersection of healthcare and technology. The mentorship and guidance I received were invaluable, and the opportunity to contribute to meaningful projects has significantly enhanced my skills and knowledge. I am grateful for this experience and would highly recommend it to anyone looking to make an impact in the field of public health.

Education: *Pursuing Masters in Social Work, Mahatma Gandhi Chitrakoot Gramodaya Vishwavidyalaya*

Internship Period: *April to September 2024*

Ashutosh Shrivastava
Master's Student

"My time as a Public Health intern at FHTS has been an invaluable experience. I have had the privilege to work alongside dedicated professionals who are truly passionate about making a positive impact on community health. From assisting in data analysis for epidemiological studies to contributing to health promotion campaigns, every day has been a new learning opportunity. I am grateful for the mentorship, hands-on experience, and exposure to real-world public health challenges. This internship has solidified my commitment to a career in public health, and I am excited to continue applying the skills and knowledge gained here to create a healthier future for all."

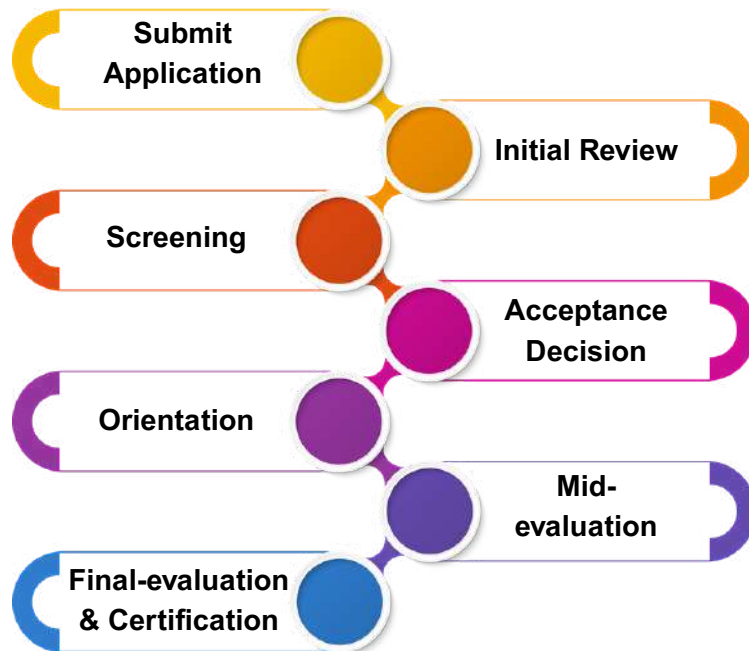

Education: *Pursuing B. Tech (Biotechnology), Vellore Institute of Technology*

Internship Period: *May to June 2023*

Mridula Sharma
Bachelor's Student

The v-INSPIRE Journey: *Internship, Outcomes & Future Pathways*

**Join a Thriving Global Network
& Shape the Future of Public Health**

“

At FHTS, we are committed to fostering academic excellence, leadership, and innovation in public health. Our internship program equips students with the skills and experience to drive meaningful impact. For over 13 years, we have built a platform that nurtures critical thinking, interdisciplinary collaboration, and real-world problem-solving.

As you embark on this journey, embrace challenges, think beyond boundaries, and transform vision into action.

”
