The Journal club presentation on 11th August was presented by Ashruti Bhatt on the topic "**Scoping Review and Methodology Involved in Research**"

The presentation was divided into the following subtopics: scoping review definition, Scope of review indications, Frameworks for creating the scoping review, Proposed enhancements, The steps required in doing a scoping review, Updated tools and methodology for writing a scoping review are available, followed by a case study to provide a full grasp of scoping review writing with examples.

The goal of the presentation was to walk the audience through the phases and procedures involved in conducting a scoping review using a contemporary example.

Following the presentation, there was a question-and-answer session in which the presenter answered questions about the general conduct of scoping reviews. Overall, it was a very enlightening and stimulating seminar.
