## SUMMARY

CAMP provides students an opportunity to explore career pathways in the field of public health. This program orients and equips prospective students towards building a successful public health career and its related fields. [Read More](#)

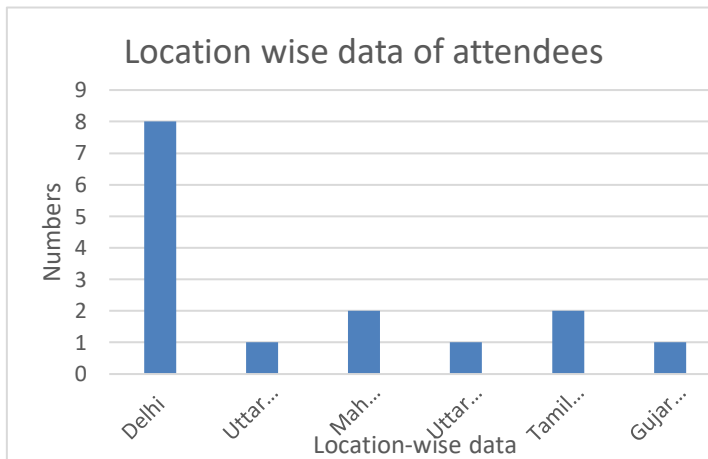

The seventh event under CAMP initiative was conducted on 25<sup>th</sup> November 2023, **Opportunities and Challenges in mHealth : The case of SMAARTHub for Informatics enables Nutrition Education (SHINE) initiative.** The objective of this topic was to explore the opportunities and challenges of the application of digital technologies in the field of healthcare.

## HIGHLIGHTS

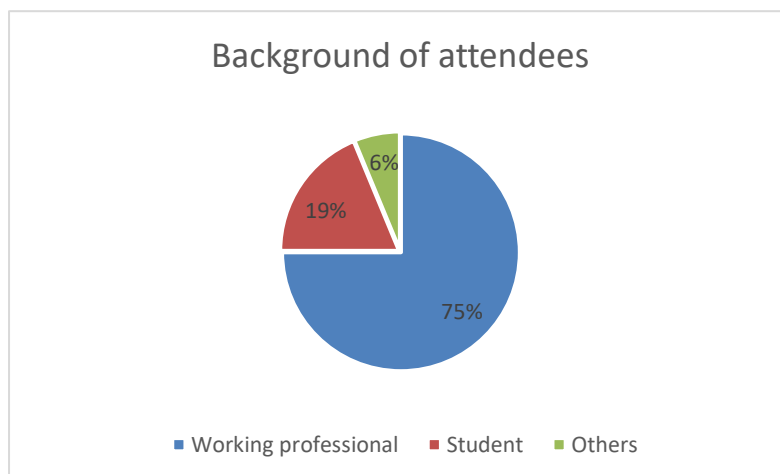

- There were 34 registrations made and 18 attendees attended the session out of which 89% were female and 11% were male.

- The maximum number of attendees were from Delhi and 5 other Indian states.

- The majority of the attendees of the session were working professional.

- The attendees of the session were diverse and included professionals, academicians, and students from various healthcare and allied sectors.

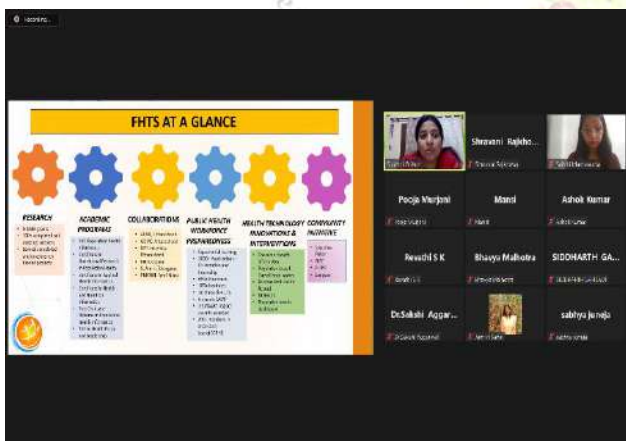

## WEBINAR

Our speaker for the CAMP event was Ms Sakshi. The event focused on mHealth and described how digital technologies are crucial for public health, potential in mHealth, issues in healthcare management, opportunities and challenges in mHealth, existing mHealth platforms in India, and Nutrition Informatics. SHINE, an FHTS initiative, was introduced, with the steps of how people get registered in the programme outlined and its summary explored. SHINE at a glance was discussed thoroughly. The obstacles faced by the SHINE programme were discussed in depth. Ms Sakshi was the session's speaker. The discussion focused on mHealth and discussed how digital technologies are crucial for public health, prospects in mHealth, issues in healthcare administration, and existing mHealth platforms.

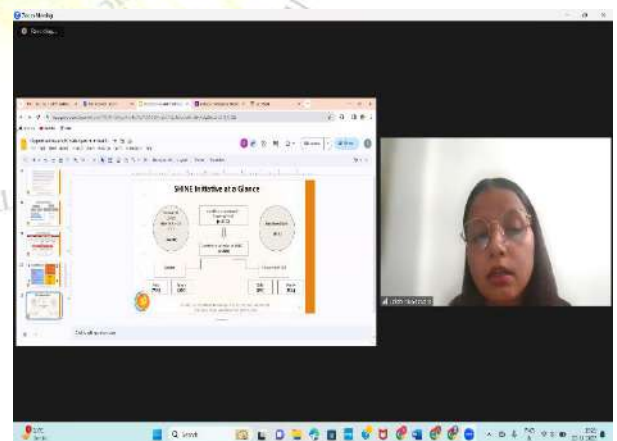

## SUGGESTIONS AND FEEDBACK

- Good and helpful event
- Good session
