SUMMARY

CAMP is a unique, first of its kind, public health Career and Mentorship Program that aims to provide students an opportunity to explore career pathways in the field of public health. This program orients and equips prospective students towards building a successful public health career and its related fields. [Read More](#)

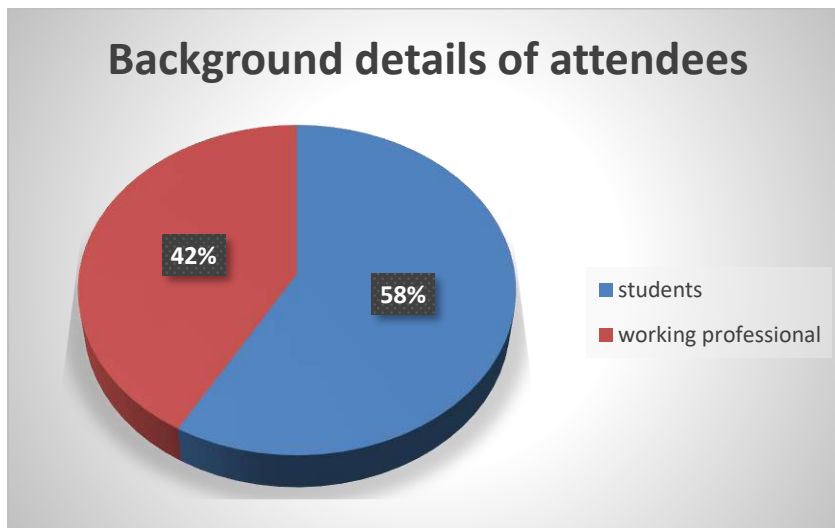

The thirteenth event under CAMP initiative was conducted on 30th March 2024 on “Are We What We Eat?”-Society, Food and Nutrition. The objective of this topic was to understand the intersections and interconnectedness among Society, Public Health, and Food & Nutrition to encourage meaningful dialogue and action toward positive societal change centering around Digital Health Interventions.

HIGHLIGHTS

- There were 13 registrations made and 12 attendees attended the session out of which 83% were female and 17% were male.

- The maximum number of attendees were from Hyderabad.
- The majority of the attendees of the session were students.

- The attendees of the session were diverse and included professionals and students from various healthcare and allied sectors.

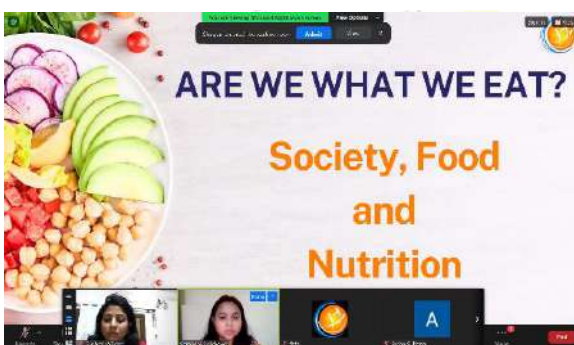

WEBINAR

The speaker of the session was Ms Shravani Rajkhwa. The speaker focussed on Food and Nutrition and explained when it becomes Food. Then she addressed about the interconnectedness of Society, Food and Nutrition. Food as a Social construct was highlighted during the session. Food and Nutrition through the lens of Public Health was briefly explained where she explained about disease prevention and management, food safety and regulation, promoting equity and social justice, nutritional education and promotion, food insecurity, and environmental sustainability. Few recent research studies were also highlighted related to the topic. While concluding the speaker mentioned about the Swasthya Pahal initiative on how we use the Digital Intervention and it's importance to help people self-manage their health in terms of Food and lifestyle.

FEEDBACK
